United Park City Mines Company  
309 Kearns Building  
Salt Lake City, UT 84101

Dear Mr. Osika:

We have reviewed the hand written changes you made to the Access Agreement for the recent Richardson Flat air sampling activities and we do not believe these changes are substantive in nature. Therefore, I have initialed these changes and am returning a copy to you for your files.

In addition, I am enclosing a copy of the final air sampling plan, as you requested. Please contact Kelcey Yarbrough Land at 303-293-1519 if you have any questions concerning this document.

Sincerely,

/s/ original signed by  
Robert L. Duprey
